

Program Year 11 Contractor Recognition

Most Projects Completed in PY11

New this year: Dominion Energy South Carolina and the EnergyWise for Your Business (EWfYB) team is recognizing our top-performing contractors. We are grateful for your ongoing participation in the program and look forward to our ongoing collaboration for years to come.

We are excited to recognize **WESCO Energy Solutions** for the most projects completed last year. Between December 1, 2020 and November 30, 2021, the WESCO team submitted and **completed 44 individual projects** and saved their customers approximately 1,500 MWh! The team at **DTL Energy Solutions** came in a close second place with **36 customer projects completed**.

Net-Zero-USA of Mt Pleasant completed nine projects; more than any other contractor whose headquarters are located in the Dominion SC territory.

A summary of the Contractors that are being recognized for their efforts in PY11 can be found below:
